2-2 Writing Assignment for My Personal Hero

For this assignment, select and write about someone you admire and think of as a personal hero. This can be a fictional character or a real person, from the past or present. You may also draw pictures for your answers. Younger kids can do this as a discussion activity.

Why have chosen you this person or character as your hero? What personal qualities or characteristics made you select them? What values do they represent for you?

Perhaps a brief story or two about this person will help the reader understand them. Can you describe any actions or behaviors you admire in them?

Is there any advice or wisdom this hero has passed on to you? Any lessons you've learned from them? Is there something about the way they have handled a challenge that has impressed or inspired you?
